Education

GL Bajaj Institute of Technology and Management Bachelor of Technology in Computer Science Engineering CGPA: 8.97/10.0 (Academic Performance till 4th Semester)	Sept. 2024 – Sept. 2028 Greater Noida, India
SR Global School Senior Secondary (Class XII) – 93.2%	Apr. 2022 – May 2023 Lucknow, Uttar Pradesh
SR Global School Secondary (Class X) – 93.2%	Apr. 2020 – May 2021 Lucknow, Uttar Pradesh

Technical Skills

Programming Languages: Java, Python, C, HTML5, CSS3
Developer Tools: Git, GitHub, VS Code, Google Colab
Libraries: NumPy, Pandas
Core CS Subjects: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems
Coursework: Web Development, Problem Solving

Experience

Web Development Intern <i>SkillCraft Technology</i>	Nov. 2025 – Dec. 2025 Remote
- Developed 4 responsive web applications using HTML, CSS, and JavaScript while ensuring responsiveness across multiple screen sizes. - Designed and implemented interactive projects including a Tic-Tac-Toe Game, Stopwatch, and To-Do List using JavaScript. - Optimized user experience through responsive layouts, DOM manipulation, event handling, and interactive UI components.	

Projects

Assistive Stick for Visually Impaired Person	<i>Arduino UNO — HC-SR04 — Embedded C</i>
- Engineered an IoT-based smart assistive stick capable of detecting obstacles using an HC-SR04 ultrasonic sensor and generating real-time buzzer alerts. - Integrated sensor data processing with Arduino to improve navigation assistance and enhance user safety in indoor and outdoor environments. - Proposed a cost-effective assistive solution for visually impaired individuals and documented the system as part of an academic research project.	
AR Book Explorer	<i>Unity — C# — AR Foundation</i>
- Developed an Augmented Reality application using Unity to visualize interactive 3D educational content. - Implemented image tracking and real-time object rendering for an immersive learning experience. - Enhanced user engagement by integrating intuitive AR interactions and responsive visual elements.	

Achievements

- Solved **100+** Data Structures and Algorithms problems on LeetCode.
- Maintained a cumulative **CGPA of 8.97/10.0** throughout four semesters.
- Successfully completed a Web Development Internship at SkillCraft Technology.

Certifications

- Web Development Internship – SkillCraft Technology
- Augmented Reality Application Development using Unity
- AWS Academy Graduate - Cloud Foundations

Relevant Coursework

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Operating Systems

Leadership & Interests

- Passionate about Backend Development, Software Engineering, and Competitive Programming.
- Strong interest in Problem Solving, Data Structures & Algorithms, and Continuous Learning.
- Enjoy playing Cricket and collaborating in team-based projects.
